Matt 28:18-20 - 18 Jesus came and told his disciples, "I have been given all authority in heaven and on earth. 19 Therefore, go and **make disciples** of all the nations, baptizing them in the name of the Father and the Son and the Holy Spirit. 20 Teach these new disciples to obey all the commands I have given you. And be sure of this: I am with you always, even to the end of the age."

One Degree

Back in 1979, 257 people left New Zealand for a sightseeing flight to Antarctica. Unknown to the pilots, there was a 2-degree error in the flight coordinates. Most people hearing that would think that's "close enough"- but that 2-degree error in fact it placed the aircraft 28 miles to the east of what was the planned route. As the pilots approached what they thought was their intended destination, to give the sightseers a better look of the beautiful landscapes they descended to a lower altitude. Although the pilots had years of experience, they had never made this particular flight before. So they had no way of knowing that the incorrect coordinates had placed them directly in the path of Mount Erebus, an active volcano that rises from the frozen landscape to a height of more than 12,000 feet. Sadly, the plane crashed into the side of the volcano, killing everyone on board. It is hard to imagine how this tragedy of epic proportions was brought on by a minor error—a matter of only a few degrees.
